**FAMILIES UNITING FAMILIES FOSTER FAMILY AGENCY CONTRACT COMPLIANCE  
MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Families Uniting Families Foster Family Agency (the FFA) in June 2013. The FFA has one licensed office in the Fourth Supervisorial District, and provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, its mission is "to help children achieve secure and continuous attachment relationships for social and emotional development throughout their lifespan."

At the time of the review, the FFA supervised 46 DCFS placed children in 15 certified foster homes. The placed children's average length of placement was 4 months, and their average age was 14.

**SUMMARY**

During OHCMD's review, the interviewed children generally reported: feeling safe at the FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 6 of 11 sections of our program compliance review: Certified Foster Homes; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Needs/Survival and Economic Well-Being; and Personnel Records.

*"To Enrich Lives Through Effective and Caring Services"*

OHCMD noted deficiencies in the areas of Licensure/Contract Requirements, related to one Community Care Licensing (CCL) citation as a result of deficiencies and findings during CCL Investigations complaint; Facility and Environment, related to a safety hazard in a common area regarding utility knife blades found in the kitchen cabinets and one child stated that adequate perishable food was not readily available; Maintenance of Required Documentation and Service Delivery, related to the FFA failing to obtain the signature of DCFS Children's Social Workers to implement the Initial Needs and Services Plans (NSPs) in a timely manner; Personal Rights and Social/Emotional Well-Being, related to a foster child stating that the foster parent did not provide home cooked meals on a regular basis; and Discharged Children, related to one file not containing a termination report.

Attached are the details for our review.

### **REVIEW OF REPORT**

On August 19, 2013, the DCFS OHCMD Monitor, Thomas Manning, held an Exit Conference with James Schrage, Chief Executive Officer, Rosalva Gutierrez, Program Assistant, Marilyn Mejia-Pena, Supervising Social Worker, and Miriam Zamudion, FFA Social Worker. The FFA's representatives: agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and CCL.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will confirm that these recommendations have been implemented during our next monitoring review.

**FAMILIES UNITING FAMILIES FOSTER FAMILY AGENCY  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2012-2013**

**SCOPE OF REVIEW**

The following report is based on a “point in time” monitoring visit. The compliance report addresses findings noted during the June 2013 review. The purpose of this review was to assess the Families Uniting Families Foster Family Agency (the FFA’s) compliance with the County contract and State regulations and included a review of the FFA’s program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, seven children were selected for the sample. The Out-of-Home Care Management Division (OHCMD) interviewed seven children and reviewed their case files to assess the care and services they received. Additionally, five discharged children’s files were reviewed to assess the FFA’s compliance with permanency efforts. At the time of the review, seven placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed two certified foster parent files and five staff files for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with two certified foster parents to assess the quality of care and supervision provided to children.

**CONTRACTUAL COMPLIANCE**

OHCMD found the following five areas to be out of compliance.

**Licensure/Contract Requirement**

- Community Care Licensing (CCL) cited the FFA for a Personal Rights Violation as a result of a deficiencies and findings during the investigation of CCL complaints. According to the

complaint report substantiated by CCL on October 25, 2012, the foster home had an inadequate food supply of perishable and non-perishable foods, and the certified foster mother stated that she does not buy snacks. In addition, children placed in the home had to purchase food with their own money. The FFA submitted a Plan of Correction (POC) that included the retraining of personal rights to the certified foster mother, which was approved by CCL. A referral was made to the Child Protection Hotline and cross reported to OHCMD. The Emergency Response Command Post Children's Social Worker determined the referral to be "inconclusive." CCL substantiated their complaint based Title 22 violations of the children's Personal Rights while DCFS could not substantiate the allegation of general neglect given the referral child had awoled; therefore, was not available to be interviewed. However, on February 13, 2013 the Out-of-Home Care Investigations (OHCIS) received the Corrective Action Plan (CAP) requested on January 30, 2013 with regard to their investigation. The CAP, which required the FFA to ensure that the children receive the variety and amount of food as mandated in Title 22 regulations, was submitted and approved as written.

### **Recommendation**

The FFA's management shall ensure that:

1. Agency is in full compliance with Title 22 Regulations, free of CCL citations.

### **Facility and Environment**

- One large packet of utility knife razors was found unsecured in the kitchen cabinet during the home inspection.
- One child stated there was not much perishable food purchased and available on a regular basis.

During the Exit Conference, the FFA's Chief Executive Officer stated they would continue quarterly home inspections to address this safety finding. He also stated that he did not agree with the finding of lack of perishable food not being available.

### **Recommendation**

The FFA's management shall ensure that:

2. All certified foster parents are retrained in accordance with Title 22 regulations on properly securing all dangerous items in the home are locked or placed in secure areas inaccessible to the foster children.
3. Perishable food is purchased on a regular basis and available to the foster children.

### **Maintenance of Required Documentation and Service Delivery**

- The FFA did not obtain the Department of Children and Family Services (DCFS) Children's Social Worker's (CSW) signature authorizing implementation of the Initial Needs and Services Plan (NSP) within 30 days.

During the Exit Conference, the FFA's Chief Executive Officer stated Initial NSPs would be faxed to DCFS CSW in a timely manner and efforts made to gather the signatures will be documented.

### **Recommendation**

The FFA's management shall ensure that:

4. All Initial NSPs are signed by the DCFS CSW within 30 days or provide documentation of their efforts to secure the signature.

### **Personal Rights and Social/Emotional Well-Being**

- One child stated they were not provided regular cooked meals.
- One child stated they were not supervised by an adult caretaker.

During the Exit Conference, the FFA's Chief Executive Officer stated he did not agree with the findings. He also stated that the FFA Social Workers visited the home in question and there was adequate perishable food, the foster parent reported providing cooked meals, and the tutor had provided supervision for the children.

### **Recommendation**

The FFA's management shall ensure that:

5. All certified foster parents are providing regular cooked meals.
6. All certified foster parents provide adult supervision as required for all foster children.

### **Discharged Children**

- One termination file did not contain a discharge summary.

During the Exit Conference, the FFA's Chief Executive Officer stated they would ensure that discharge summary reports are completed timely.

### **Recommendation**

The FFA's management shall ensure that:

7. All discharged files contain a completed discharge summary.

**PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD'S FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW**

The OHCMD's last compliance report dated March 30, 2012 identified one recommendation.

**Results**

Based on our follow-up, the FFA fully implemented the previous recommendation for which they were to ensure that:

- All children receive dental examinations within 30 days of initial placement.

**MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER (A-C)**
